

Letter of Recommendation

[May 14, 2022]

To Whom It May Concern:

I am enthusiastically writing this letter of recommendation on behalf of **Lucy Yang** for any technical roles she chooses to pursue.

During her time at Buchanan High School, Lucy has maintained high grades in all of her classes through hard work and consistency, and she has shown her teachers, peers, and family that she is one of the brightest and most driven young minds in her class. Her interest in STEM is strong, especially in software development and information technology, and she spends much of her free time honing her skills in these areas.

Lucy has shown time and time again that she is dedicated, inquisitive, and teachable; she will no doubt make a phenomenal engineer in the software industry once she finishes her studies. During the time that I have known her, she has strived for excellence in every endeavor that she has undertaken, whether it be a personal or academic goal. I have every reason to believe she will find much success in her future.

Sincerely,

Vishal Gorawala
